Partner Project for Community Helpers lesson

Direction: Working with a partner, you will research one community helper and present on what you found. Use the checklists to complete your research and presentation.

Did I research. . .

- What my helper does
- Where they work
- If they travel
- What uniform they wear
- What tools they use
- What they do for the community

For my presentation:

- Visual representation of helper (dress up, draw pictures, etc.)
- Speak clearly and loud enough for everyone to hear
- Describes in detail the information in the above bullets
