

	3- Excellent	2- Good	1-Still Developing
Research	All bullets from the direction sheet has been answered with details	1 bullet of information from the direction sheet is missing	2 or more bullets of information from the direction sheet is missing
Presentation	Speakers used eye contact, spoke clearly and loudly so that everyone could hear them	Few times that the audience could not hear the speakers or knew what they were saying	Speakers did not use eye contact and spoke softly or in a way that made it difficult to hear what they were saying
Use of Visuals	Students used 5 visuals to help represent the community helper	Students used 3 visuals to help represent the community helper	Students used less than 3 visuals to represent the community helper
Partner Sharing	Partners spoke equally during presentation and it is clear that both came prepared with information on the helper. Both were able to answer questions.	Both partners spoke during presentation and both put work into the research to gather information. Both were able to answer questions.	One partner spoke most of the time or one did not come prepared to present information gathered. One or both were not prepared to answer questions.
